

TEAM PROGRAMME

The Team Programme is an immersive learning opportunity that introduces young people over the age of 15 with additional support needs, as well as learners in community settings, to the realities of the world of work.

Young people learn by doing as they set up a registered business, assign leadership roles, generate product and service ideas and launch onto the market.

We focus on ensuring students develop transferable skills for learning, life and work to support them on their transition from secondary education. We consider additional support needs in a holistic way which encompasses:

- Students with visible and invisible disabilities
- English as an additional language
- Emotional or behavioural difficulties
- New Scots
- Young Carers
- Care Experienced young people

More about the programme:

- Teams of 2–32 young people receive a mix of online and printed resources
- Public and product liability insurance provided for student companies
- We aim to match each team with a local Business Mentor for guidance
- Flexible delivery: during school, after school, at lunchtime, or in community settings; runs for 12 weeks to a full academic year
- Optional, free SCQF Level 3 qualification with Glasgow Kelvin College
- £150 team registration fee
