JOIN THE APPLIED LEARNING CHAMPIONS

A CPD opportunity for teachers of young people working towards level 1, 2 and 3 qualifications.

Transforming Futures in the South West is a three year project equipping young people with the skills, experience and networks to thrive. The Applied Learning Champions are a group of teachers convening best practice in applied learning to steer the project.

Through workshops, events, and pilot projects, you could be creating The Journey: filled with resources, lesson plans, big questions, ideas and tools to remove barriers to opportunity for every young person.

Made for teachers by teachers to transform careers education.

- FINANCIAL CAPABILITY
- ENTREPRENEURSHIP
- WORK READINESS

Tiered involvement, so you can do as little or as much as you like:

Observers receive regular Newsflashes and event invites.

Team members share resources and ideas, join events and workshops.

Champions join monthly workshops to progress and steer the project, share their expertise at events, and co-create The Journey through Applied Learning.

Who is YE? Bridging school and the world of work, we help learners develop knowledge and tools needed to thrive in work and life.

What can I expect? Opportunities facilitated by an industry expert to share and develop knowledge, skills and understanding of applied learning principles and techniques.

What will I get? Funding for cover, new contacts, a welcoming space to share best practice, skills development and CPD accreditation.
