

CHALLENGE SUMMARY SHEET Category 3: Ages 11-19

Organisation/ School Name: The Lancaster Academy, LE2-6FU
Team Name (optional):

Student First Name	Student Last Name	Age
<u>Sheryar</u>	<u>Habib</u>	<u>12</u>
<u>Hamza</u>	<u>Hussain</u>	<u>13</u>

Briefly explain your creation and how it could help people make healthy choices for their physical, mental and financial health and wellbeing?

The band uses technology to conserve your burnt off energy and turns it into phone battery life. The band can help make healthy choices which are beneficial for their physical, mental and financial health by empowering them to go outside and go for a run.

What did you learn about health and wellbeing from taking part in the Young Money Challenge?

I learnt that people can be effected negatively in later life by their poor physical status in early life.

What did you learn about money management from taking part in the Young Money Challenge?

I learnt that it is more beneficial to save your money for a while.

What advice would you give people to help them look after their health and wellbeing and their finances?

I would advise people to be smart with their money by saving up.

If your entry was to win the Young Money Challenge, how would you spend your prize voucher in a way that supports your overall health and wellbeing?

If I was to win, I would give the voucher to someone who would use it well.

CHARGE BY

The wrist band
It may cost
£3.99

You can buy it
off Amazon or a
private store set up
by the original owners
of the band and app.

— Every 100 meters you get 1 percent more charge on your phone. So every 6 miles your phone reaches 100% charge. This can be done by a band which links from your wrist to your phone through a wire.
