

MY MONEY WEEK 2022

13 - 17th June

Take part in My Money Week 2022 and bring money matters to life for your pupils!

Check out our My Money Week FAQ's below for some helpful tips on how your school can get involved, as well as a link to a wealth of FREE resources!

What is My Money Week?

My Money Week is a national activity week for primary and secondary schools designed to raise awareness of the importance of **financial education** and get children and young people excited about **money matters**.

Do we have to do a whole week of activities?

No! It's fantastic to hear that some schools are able to run an entire week of financial education activities but we know that's not always possible.

We encourage schools to take part in a way that meets their needs; this could be delivering a lesson on money management, using the resources in tutor time, or running a whole school event.

Why should we take part?

99% of teachers have said that their pupils showed an increase in knowledge and skills as a result of using our My Money Week resources. But don't just take it from us...

"We love doing My Money Week and it is always a highlight, so we didn't want to miss out just because the world is in such a different place! Financial understanding is a crucial part of life and very important for our 7-11 year olds."

Teacher, Primary School

Can we only take part on those dates?

No! We know all schools are unique, so our resources are designed to be flexible – we encourage you to deliver your financial education activities whenever best suits your academic calendar!

During the week itself we celebrate all the valuable financial education taking place across the country as well as the creative and diverse approaches teachers employ to make learning about money memorable and meaningful!

How can we get involved?

Sign up for a free My Money Week account, which will give you access to all the My Money Week resources since 2014!

You'll also be the first to hear when we launch our brand new resources in the Summer Term!
