About the Young Money Challenge 2022...

THE CHALLENGE

We are challenging children to:

Come up with ways to help people make wise choices about either:

- a. the different ways to pay for things; or**
- b. how to protect their money.**

Children can present their ideas in any way they wish as long as their entry is sent to us in a 2D format.

Formats could include a poster, a board game, a toy etc.!

THE THEME

Children will be exploring money and INCLUSION.

They'll be discovering the different ways to pay for things and how we can keep our money safe.

.....
For primary school aged children, inclusion in connection with money is a particularly wide and complex subject area.

We will be focusing on:

- a. How people experience money differently and make different decisions based on their own personal circumstances; and
- b. How we can protect our money by making wise money decisions, and how we can help others to do the same.

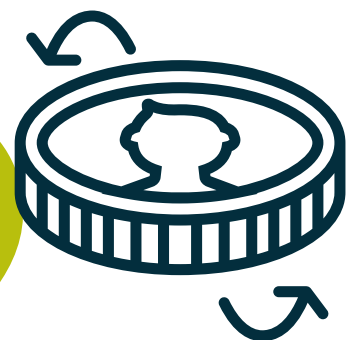

THE PRIZES

In Category One, there will be one overall winning entry and two runner up entries.

The overall winning entry will receive **£200** for their school/organisation. The winner(s) will also receive a **£100** Amazon Voucher each.

The two runner up entries will each win **£100** for their school/organisation and each runner up will also receive a **£50** Amazon Voucher.

How to run a Young Money Challenge...

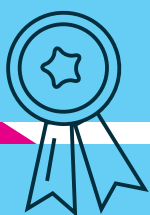

TO START...

Choose HOW your organisation will take part in the Challenge. This year, you have two options.

Option A

Submit ALL of your children's entries for judging by the Young Money Challenge Team.

Option B

Choose your top 5 entries per Category, and then submit these for judging by the Young Money Challenge Team.

All entries submitted to Young Money (provided they meet our eligibility criteria) will be in with a chance of winning a prize.

NEXT...

Consider the points below and decide...

WHEN you will deliver the challenge...

We run the challenge for 2 months, you might choose to do the same.

Choose a length of time that best suits your organisation. Make sure to leave enough time to complete the six steps below though.

We would recommend running the challenge over a minimum of at least **1 week**.

WHO will take part...

Will you run the challenge for your whole school or just for a few year groups?

We've provided activities to support 3 to 7 year olds with their entry creation. Categories 2 and 3 include activities for older children.

FOR OPTION A

Follow the simple STEPS on the next page.

FOR OPTION B

Before you move on to the 6 STEPS, you will also need to consider the following:

How will you judge your entries?

Will you judge the entries internally or will you involve external judges too? Will your judging panel meet in person or remotely? The judging process you adopt will be unique to your organisation but here's a few suggestions for possible judging panel members:

Teachers/practitioners, other children (maybe from the older age groups or from a local secondary school), members of the wider community e.g. members of your local bank or credit union, professionals who have expertise in the theme of the challenge etc.

Will you award prizes?

Will you award prizes for the winners of your Challenge?

You could choose to create your own winning categories to recognise the efforts of all the children e.g. most hard working entrant, most creative entry, most thoughtful idea etc.

Now, follow the six simple STEPS on the next page.

STEP ONE

LAUNCH

Launch the Young Money Challenge 2022 in your school or organisation!

Why not...

Now, follow these six steps...

STEP TWO

DELIVER ACTIVITIES

To support with the delivery of the Challenge, we've provided a set of teaching materials.

Use our **PowerPoint presentation** to introduce the theme and explain how the challenge will work.

Send our **template letter** to parents/guardians to invite them to support their children with their learning from the Challenge and further extend this learning at home.

Share our **social media templates** on your social media channels to engage families and the local community in your children's learning.

We love seeing all the different ways organisations take part in the Challenge so don't forget to tag @youngmoneyedu, and use #YMChallenge2022!

ACTIVITIES

There are two activities, one for children aged 3-5 and one for children aged 5-7.

Each activity explores a different theme linking money management and inclusion and culminates in a suggestion for how children could approach the Challenge. You can choose the option or options that best appeal to your children!

HOME LEARNING GUIDE

We've also provided a Home Learning Guide to help families explore the themes further as well as to enable parents/carers to support their children with their entries.

STEP THREE

CREATE ENTRIES

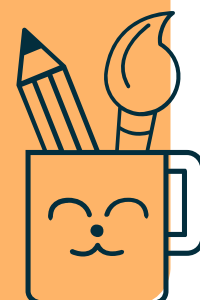

Children can create their entries in class, at home, or both.

Please refer to our **eligibility and criteria requirements** on page 5.

To be eligible, each child's entry must include a completed **Challenge Summary Sheet**.

Please ensure that each child:

- Includes their full name; and

STEP FOUR

OPTION B: TOP 5

Select your top 5 entries.

If you plan to submit ALL of your children's entries to Young Money, then please move straight to STEP FIVE.

We've provided you with some simple **criteria** to help you choose the strongest entries to submit.

How you approach the **judging process** is completely up to you.

The method you choose is likely to depend on the number of entries you'll have to judge. If you have a large number of entries, we would recommend using the following method:

Stage 1:

Each class nominates their top 3 entries. All chosen entries should include a completed *Challenge Summary Sheet*.

Stage 2:

The judging panel chooses their top 5 entries using the criteria provided.

Stage 3: optional.

Share the top entries with all the children. You could hold a celebration to congratulate the children for taking part and award your prizes.
